

SY Chameleon

The yacht

Comfortable yacht with high service standards for up to 8 guests

Cruising Area

Thailand, Malaysia, Andaman Islands, Burma/ Myanmar

Highlights

Unwind, relax, refresh, enjoy, explore, and participate! The name of the game on board of Chameleon is HOLIDAY. A young and enthusiastic team of 3 takes care of your every need. A skilled and knowledgeable western skipper, a talented Thai cook and a Thai masseuse.

Tantalizing, healthy Thai and western cuisine is served with fresh fruit platters and at any time a soothing, invigorating Thai massage at no extra costs. Beds are made daily, pillows fluffed, espresso's brewed freshly and cocktails served at sunset! And last but not least, the excellent sailing in a constantly changing scenery. Slip into Chameleons' comfort zone.

Accommodation

Chameleon's interior is a blend of light ash timbers with contrasting Western Red Cedar trims complimented by soft grey fabric wall coverings and light white embossed laminated panels. Ventilation, pleasant temperature and comfort aboard are of primary concern.

The yacht features three en-suite double queen-size cabins with their own bathroom and shower facilities and 1 en-suite double cabin with bathroom/shower nearby. All cabins are well-ventilated with household size electric fans and opening hatches. Chameleon's crew is accommodated forward in their own private cabins.

The airy saloon is spacious with a U-shaped couch around a central dining table, seating 10 persons comfortably. In the saloon you also find a flatscreen TV, the DVD surround sound system and 4 electric fans for ventilation.

A convenient and well-stocked galley with stainless bench tops is located in the port (left) hull and is fitted with an Italian design 5-burner gas stove and stainless oven/griller. Fresh espresso's are brewed any time of the day.

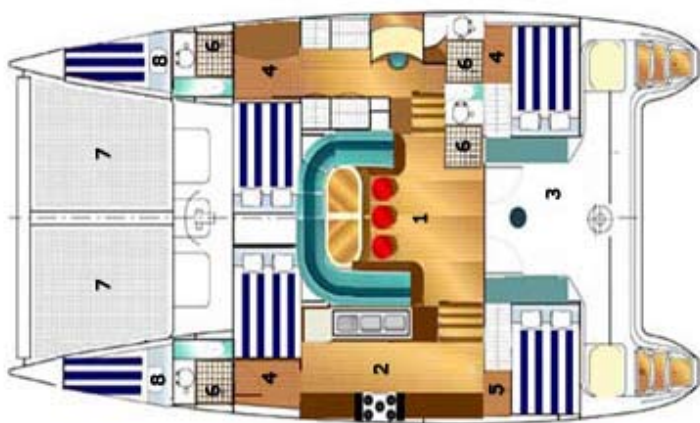

Above decks

Above decks Chameleon is huge, taking into account she is 48 feet x 25 feet. She is fitted with an aluminium fixed awning for protection from the sun and the occasional tropical shower. Under the fixed roof is the central helm station. The uncluttered decks with wide walkways make her a safe vessel for children.

One can also laze in the bow netting during passages and sleep under the stars if wished. A flexible, removable bow awning gives you sun protection on the foredeck and in the bow nets. Access to the water is easy with a swim platform, swim ladder plus a deck shower conveniently located at the port transom.

Summary

| | |
